Public Service Commission of South Carolina  
101 Executive Center Drive, Suite 100  
Columbia, South Carolina 29211

Re: TCA's Petition Requesting the Commission's Intervention in Numbering  
Resources Determinations  
Summerville Rate Center – Hospital Corporation of America  
Docket No. \_\_\_\_\_

Dear Ms. Boyd:

Teleport Communications America, LLC ("TCA") respectfully encloses for filing a Petition for Review of Numbering Resources Determination in the Summerville Rate Center in the above-captioned matter. In summary:

TCA submitted an NXX Assignment Request via the Pooling Administration System on February 20, 2017;

TCA's customer requesting numbering resources is Hospital Corporation of America;

TCA requested the assignment of three contiguous thousands-blocks in the Summerville rate center, specifically 843-NXX-6XXX, 843-NXX-7XXX, and 843-NXX-8XXX.;

The request impacts the Summerville rate center;

At the time of the filing of the numbering resource request, the Summerville Rate Center had an MTE of 1.296 to 5.272 months for the relevant blocks.

At the time of the request, the Summerville Rate Center had a utilization of 34.8%.

By copy of this letter, I am serving a copy of this document on all parties of record as indicated on the attached Certificate of Service.

Sincerely,

Patrick W. Turner

      DETERMINATIONS                                       )  
\_\_\_\_\_)

PETITION FOR REVIEW OF NUMBERING RESOURCES DETERMINATION  
IN THE SUMMERVILLE RATE CENTER

Teleport Communications America, LLC ("TCA"), pursuant to rules adopted by the Federal Communications Commission ("FCC") for challenging numbering determinations, petitions the Public Service Commission of South Carolina ("Commission") for review of a recent denial of TCA's application for use of numbering resources in the 843 area code. Numbering determinations are made by the North American Numbering Plan Administrator ("NANPA") and/or the Pooling Administrator ("PA"), depending on the nature of the numbering request. The FCC's rules addressing these matters, however, generalize responsibilities of the NANPA and the PA under the heading "Central office code administration,"<sup>1</sup> and the FCC's Orders addressing these matters allow for challenges of determinations by both entities.<sup>2</sup> Accordingly, this Petition addresses the determination described herein and asks the Commission to direct NANPA and/or the PA to provide the requested relief to the extent it is within the

---

<sup>1</sup> See, e.g., 47 C.F.R. §52.15.

<sup>2</sup> See Third Report and Order and Second Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, *Numbering Resource Optimization; etc.*, 17 FCC Rcd 252, ¶61 (2001) ("*Third NRO Order*").

respective authority and responsibility of NANPA and/or the PA to do so. The denial that is the subject of this Petition impacts TCA's customer Hospital Corporation of America.

In support of this Petition, TCA states:

1. TCA is a telephone utility that provides, among other things, intraLATA, local exchange telecommunications services in various portions of South Carolina, including the Summerville exchange.

2. NANPA is an independent non-governmental entity that is responsible for administering and managing the North American Numbering Plan ("NANP").<sup>3</sup>

3. The PA is an independent non-governmental entity that is responsible for administering thousands-block number pooling.<sup>4</sup>

4. On March 31, 2000, the FCC issued an Order relating to numbering resource optimization.<sup>5</sup> The goal of the *First NRO Order* was to implement uniform standards governing requests for telephone numbering resources in order to increase efficiency in the use of existing telephone numbers and to avoid further exhaustion of existing numbers.

5. Among other things, the FCC required that, to qualify for access to new numbering resources, applicants must establish that existing inventory within the applicant's rate center will be exhausted within six months of the application. The FCC reaffirmed this

---

<sup>3</sup> See 47 C.F.R. § 52.13 (a), (b).

<sup>4</sup> See 47 C.F.R. §52.7(g). See also 47 C.F.R. §52.20 ("Thousands-block number pooling is the process by which the 10,000 numbers in a central office code (NXX) are separated into ten sequential blocks of 1,000 numbers each (thousands-blocks), and allocated separately within a rate center.").

<sup>5</sup> See Report and Order and Further Notice of Proposed Rule Making, *Numbering Resources Optimization*, 15 FCC Rcd 7574 (2000) ("*First NRO Order*").

requirement in two subsequent orders.<sup>6</sup> Prior to this ruling, the Central Office Code Assignment Guidelines used to make code assignments required the applicant's existing number inventory within the applicant's serving switch to exhaust within six months of the code application or the carrier had to prove that it was unable to meet a specific customer's request with its current inventory of numbers in order for a code to be assigned.

6. In addition to the months-to-exhaust ("MTE") requirement described above, the FCC's rules also required carriers to meet a rate center utilization threshold of 60 percent in order to receive additional numbering resources in a given rate center.<sup>7</sup> The utilization threshold has increased by five percent per year, and it has now reached the maximum of 75 percent. Based on the FCC's orders, carriers must meet both the six months MTE requirement and the utilization threshold on a rate center basis in order to obtain numbering resources.<sup>8</sup>

7. On or about February 20, 2017, TCA submitted a Pooling Administration System request for the assignment of three thousands-blocks in the Summerville rate center to go with its customer's existing dialing plan. In order to meet the customer's express request for numbers,<sup>9</sup> TCA requested the assignment of three contiguous thousands-blocks in the Summerville rate

---

<sup>6</sup> See Second Report and Order, Order on Reconsideration in CC Docket No. 96-98 and CC Docket No. 99-200, and Second Further Notice of Proposed Rulemaking in CC Docket No. 99-200, *Numbering Resource Optimization*, 16 FCC Rcd 306 at ¶29 (2000) ("*Second NRO Order*"); *Third NRO Order* at ¶¶48-49.

<sup>7</sup> See *Second NRO Order* at ¶22; *Third NRO Order* at ¶¶50-52.

<sup>8</sup> *Third NRO Order* at ¶¶50-52.

<sup>9</sup> See Exhibit A to this Petition.

center, specifically 843-NXX-6XXX, 843-NXX-7XXX, and 843-NXX-8XXX.<sup>10</sup> TCA does not have the existing numbers to meet the customer's request and, therefore, is requesting that a new code be opened and these numbers be assigned to it.

8. TCA's application was completed in accordance with Industry Numbering Committee ("INC") guidelines, and TCA filled out the necessary Month-to-Exhaust Certification Worksheets as required.

9. At the time of the filing of the numbering resource request, the Summerville Rate Center had an MTE of 1.296 to 5.272 months for the relevant blocks, and a utilization of 34.8%.<sup>11</sup>

10. Thereafter, also on February 20, 2017, TCA's request was denied because TCA had not met the MTE and/or Utilization criterion now set forth in the INC Guidelines.<sup>12</sup> TCA's numbering resource requests were denied despite the fact that TCA does not have adequate numbering resources needed to satisfy this customer's demands in the Summerville Rate Center.

11. TCA's inability to provide this important customer with the requested numbering resources prevents TCA from providing the quality of service this customer desires, needs, and expects. If TCA is not assigned the numbering resources needed to meet the customer's request, TCA will be unable to provide telecommunications services requested by its customer. The refusal to grant numbering resources sufficient to meet the needs of this customer is inconsistent with the FCC's position that "(u)nder no circumstances should consumers be precluded from

---

<sup>10</sup> See Exhibit B to this Petition.

<sup>11</sup> See *Id.*

<sup>12</sup> See *Id.*

receiving telecommunications services of their choice from providers of their choice for want of numbering resources.”<sup>13</sup>

12. Both the FCC’s rules and the INC Guidelines provide that state regulatory authorities have the power and authority to review a decision to deny a request for numbering resources.<sup>14</sup>

13. Prior to the FCC’s Order and the resulting change in the INC Guidelines, the applicable MTE procedures permitted a carrier to receive a code assignment, even if the MTE requirement at the switch level was not met. These waivers or exceptions were granted where customer hardships could be demonstrated or where the service provider’s inventory did not have a block of sequential numbers large enough to meet the customer’s specific request. Under today’s procedures, numbering determinations are based on the MTE for the entire rate center without any exceptions. The FCC has determined, however, that States may grant relief “if a carrier demonstrates that it has received a customer request for numbering resources in a given rate center that it cannot meet with its current inventory.”<sup>15</sup> In addition, the FCC has ruled that, “States...may grant requests for customers seeking contiguous block of numbers.”<sup>16</sup>

---

<sup>13</sup> *Second NRO Order* at ¶ 61.

<sup>14</sup> See *Third NRO Order*, Appendix A, Final Rules, § 52.15(g) (4) (“The carrier may challenge the NANPA’s decision to the appropriate state regulatory commission”); *Third NRO Order* at ¶¶ 61-66; *Central Office Code (NXX) Assignment Guidelines*, INC 95-407-009, § 13.0 (rev. April 26, 1999)(CO Code Guidelines) (“Appeals may include but are not limited to one or more of the following options: . . . C. The CO Code Administrator(s) and code holders/applicants may pursue the disagreement with the appropriate governmental/regulatory body”).

<sup>15</sup> *Third NRO Order* at ¶ 64.

<sup>16</sup> *Id.*

14. TCA requests that the Commission reverse the decision to withhold numbering resources from TCA because that decision interferes with TCA's ability to provide telecommunication services to its customers.

15. This Commission (see Docket No. 2002 –185-C, Order No. 2002-415) and other state regulatory agencies in Alabama, Florida, Georgia, Louisiana, North Carolina, and Tennessee similarly have recognized their jurisdiction and authority to review numbering denials and to order the release of number resources to TCA to meet customer needs.

**WHEREFORE**, TCA requests that the Commission:

- A. Reverse the decision to deny TCA's request for additional numbering resources;
- B. Direct NANPA and/or the PA (to the extent it is within the respective authority and responsibility of NANPA and/or the PA to do so) to provide three consecutive thousands-blocks, specifically 843-NXX-6XXX, 843-NXX-7XXX, and 843-NXX-8XXX in the Summerville rate center; and
- C. Grant the requested relief as soon as possible.

Respectfully submitted this **22nd** day of February, 2017.

Patrick W. Turner

HCA - Information Technology & Services, Inc. dba  
Summerville Medical Center  
295 Midland Parkway  
Summerville, SC 29485

AT&T TNAC,

This Letter of Intent represents a request by Summerville Medical Center for a contiguous block of 3,000 new AT&T Telephone Numbers to be added to the IP Flexible Reach BVoIP Service on IPFlex circuit BKEC966260, SIID 8051481. Summerville Medical Center intends to order service, in the SUMMERVILLE SC rate center, on the SUVLSCMA switch pending AT&T's successful completion of the required testing. Summerville Medical Center intends to activate these numbers within 180 days from AT&T's receipt of the numbers.

HCA - Information Technology & Services, Inc. dba Summerville Medical Center currently has no existing network configuration and therefore technical restrictions do not exist.

At its founding in 1968, Nashville-based HCA was one of the nation's first hospital companies. Today, we are the nation's leading provider of healthcare services, a company comprised of locally managed facilities that includes about 165 hospitals and 115 freestanding surgery centers in 20 states and England and employing approximately 204,000 people. Approximately four to five percent of all inpatient care delivered in the country today is provided by HCA facilities.

Sincerely,

A handwritten signature in cursive script that reads 'Cynthia Bailey'.

Date

<sup>1</sup>Identify type and reason for change(s) in Section 1.4(e).

<sup>2</sup>A list of the current Code Administrator(s) who can provide assistance in completing this form is available upon request from NANPA.

<sup>3</sup>The NXX field is required for any code request in which there is a change or the NXX is being returned.

<sup>4</sup>Operating Company Number (OCN) assignments must uniquely identify the applicant. Relative to CO Code assignments, NECA-assigned Company Codes may be used as OCNs. Companies with no prior CO Code or Company Code assignments may contact NECA (800-228-8597) to be assigned a Company Code(s). Since multiple OCNs and/or Company Codes may be associated with a given company, companies with prior assignment should direct questions regarding appropriate OCN usage to the iconectiv Telcordia<sup>TM</sup> Routing Administration (TRA) on 732-699-6700.

<sup>5</sup>This is an 11 character descriptor of the switch provided by the owning entity for the purpose of routing calls. This is the 11 character Common Language<sup>®</sup>

Location Code (CLLI<sup>TM</sup> Code) of the applicant's switch or POI. Common Language<sup>®</sup> and Telcordia<sup>®</sup> are registered trademarks and CLLI<sup>TM</sup>, LERG<sup>TM</sup> Routing Guide and iconectiv<sup>TM</sup> are trademarks and the Intellectual Property of Telcordia Technologies, Inc. dba iconectiv.

<sup>6</sup>Rate Center name must be a tariffed Rate Center associated with toll billing.

<sup>7</sup>Applies to any code applicant connecting to the Public Switched Telephone Network via a tandem owned by a different carrier.

<sup>8</sup>This is an eleven-character descriptor provided by the owning entity for the purpose of routing calls. This must be the CLLI<sup>TM</sup> Location Identification Code of the switching entity/POI, and is the same on Part 2, Form 1, Page 2 of 2.

<sup>9</sup>Code applicants should request an effective date that is at least 66 calendar days from the submission of this form. It should be noted that interconnection arrangements and facilities need to be in place prior to activation of a code. Such arrangements are outside the scope of these guidelines.

<sup>10</sup>Requests for code assignment shall not be made more than six months prior to the requested effective date.

<sup>11</sup>Select if you are the current Code Holder

<sup>12</sup>Select if you are not the current Code Holder

<sup>13</sup>The Applicant will indicate "YES" if the NXX being requested will be used for thousands-block number pooling and will leave this field blank if it is not.

<sup>14</sup>An incomplete form may result in delays in processing this request.
